

# Project Management in Government Organizations

---

## A 2-Day *Hands-On* Workshop

**Course Description:** The workshop shows you how to firmly control any size project. It firmly focuses on practical, how-to aspects of managing your projects with real-world examples. The competencies addressed in this workshop are: Customer Service Orientation; Conceptual & Strategic Thinking; Judgment & Analytical Thinking; Flexibility; Initiative; Communication & Persuasion; Standards of Excellence & Efficiency; Use of Influence Strategies; Working through others; Entrepreneurial Achievement; Leadership; Group Management; and Organizational Awareness.

All attendees will receive a **Student Handbook** and access to an **Online Toolkit**, containing tools and research developed and gathered over decades by our instructors. Toolkits include items such as checklist, tips and techniques, sample documents, forms, academic and government studies, and numerous other tools to help you use your new skills immediately.

**Who Should Attend:** This is for every individual contributor and manager responsible for planning, organizing, coordinating, tracking or reporting acquisition, financial, logistics or technical projects. This workshop is particularly valuable for those new to managing projects *and* to those with several years of work experience who want to continue their professional development and increase their skills in managing projects.

### Learning Objectives:

- Define Project Management
