

SPARK INNOVATION & THINK STRATEGICALLY

Using Creativity to Improve Decisions, Outcomes, and Morale

A 1-Day Hands-On TMS Workshop
Delivered in Live or Live Virtual Format!

Course Description:

A classic aphorism defines insanity as repeatedly doing the same thing and expecting a different outcome. This workshop is focused on expanding your creativity to develop new, original solutions to your toughest problems. You will spend time defining your current decision making style. In small groups you'll explore the vectors of a problem to expand your potential options. You will learn a proven, structured approach to make better decisions. Finally, you'll incorporate change management, communications skills, and emotional intelligence to improve your idea's acceptance rate.

Learning Objectives & Topics Covered in this Workshop:

- Explain why problem definition drives good decisions
- Demonstrate how to expand the your available options
- List the steps required in any decision
- Show how different intelligence types create solutions
- Overcome resistance to change
- Sell your idea with a fast, compelling narrative
- Evaluate multiple options and make the optimal choice

Audience: This workshop is designed for government personnel.

Toolkits:

Each Participant will receive a **Student Handbook** and access to an **Online Toolkit**, containing tools such as checklists, tips, techniques, and numerous other tools to help you use your new skills immediately.
