# Zoom for Government

How to access meetings in Zoom for Government

Who has access?

Some classes offered at DFAS may use the Zoom for Government platform. As a DFAS employee, you have access on your government issued laptops using a **web browser only**. Once you receive class information from the course facilitator or instructor, you will follow these instructions.
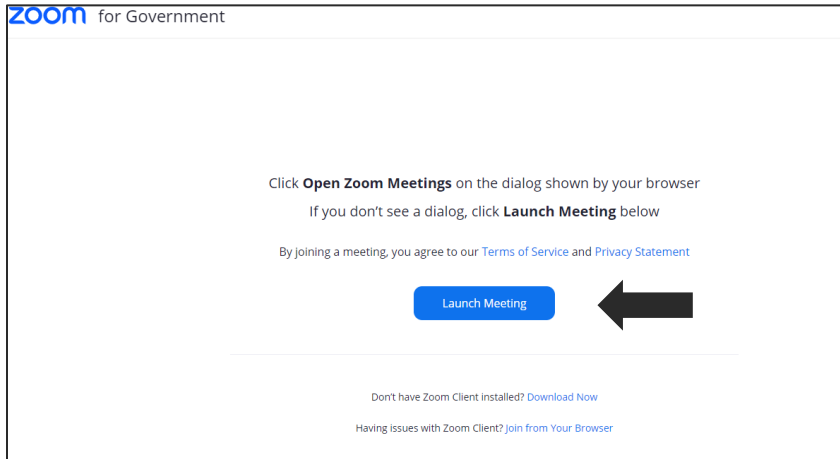

Message

This is an example of communication you may receive from the course facilitator or instructor. It will contain information about the course date and time as well as the link to join the meeting. The meeting ID and Passcode is NOT used.

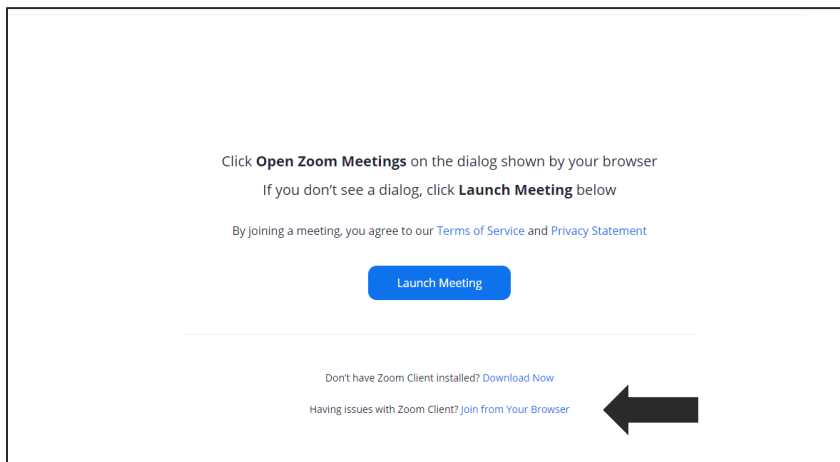

Select the link or copy and paste it in a browser.
(If you have difficulty connecting, choose another browser and try again.)
