

Leadership Assessment Program II (Strategic Level)

*A 3-Day Hands on TMS Experience & 360 Survey
Delivered in Live or Live Virtual Classrooms!*

Course Description:

This workshop provides detailed, personalized feedback and development strategies grounded in extensive research on professional and personal development. Participants begin with a 360-degree survey specifically designed to assess and provide personal insight into their behaviors and professional habits. This process yields a personalized report on how each leader's behaviors are perceived by those around them, peers, supervisors, and employees. The confidential, individual reports form the foundation for a one-on-one coaching session from a seasoned and experienced former government leader. This session is then complemented with tailored assessment-based learning, self-observation, and training that provides tools, techniques and critical strategies needed to improve leadership performance and achieve organizational success.

The program continues with facilitation, small group interaction and professionally led discussions that is designed to help each leader understand how to better assess, analyze, and apply leadership strategies at higher levels in a government organization.
