

Strategic Leadership Program Phase II

*A 3-Day Hands on TMS Experience
Delivered in Live or Live Virtual Classrooms!*

Course Description:

Technical Management Services is delighted to present Phase II of our Strategic Leadership Program, a comprehensive three-day workshop designed exclusively for senior leaders. This advanced program focuses on refining strategic thinking, enhancing decision-making skills, and preparing participants for increasingly complex leadership challenges in the federal government landscape.

This workshop is specifically designed for senior executives and high-ranking officials in the federal government. It is ideal for those looking to develop their strategic leadership capabilities further and apply these skills to real-world challenges. The workshop is designed to create a positive work environment that promotes cooperation by learning how to deal more effectively with change when it occurs. Learn to modify and adapt goals, respond to issues before they reach crisis mode, and control anxiety. This workshop will focus on individual and organizational change.

Learning Objectives & Topics Covered in this Workshop:

- Advanced strategic analysis and decision-making
- Strategic leader assessment
- Refining strategic thought processes
 - The evolution of strategic thinking in the 21st century
 - Advanced techniques in strategic analysis and planning
 - Applying critical thinking in strategic scenarios
- Decision-making in complex environments
 - Navigating ambiguity and uncertainty in decision-making
 - Successful decision-making in high-stakes situations
 - Simulation of complex decision-making scenarios
 - Evaluating strategic choices and outcomes
- Leadership influence and stakeholder management
- Mastering the art of influence
 - The dynamics of power and influence in leadership
 - Strategies for building and exerting influence
